

The Serventy Conservation Award Nomination Form

The Serventy Conservation Award is named in honour of our President of Honour, Dr Vincent Serventy AM, his brother, the Dr Dominic Serventy, an international ornithologist, and his older sister Lucy Serventy. This Award is intended to honour conservation work that has **not** been done as part of a professional career for which the person will have been well paid and honoured. It is given to those who labour in the conservation field for a love of nature and a determination that it should be conserved. Often these have been non-scientists who have earned their conservation skills through sheer hard work. Our Society will present a plaque and a cash award of \$1,500 to the winning person that is helping to save our precious Australian wildlife.

Persons may nominate themselves or they may choose to nominate a third party who they believe should receive recognition. All nominations must be supported by a referee (see below).

Name of nominee:

Address

.....

Telephone E-mail

Name of nominator:

Address

.....

Telephone E-mail
