

Australian Wildlife Society

Individual Youth Conservation Award

Nomination Form

Australian youth can play a vital role in the conservation of Australian wildlife (flora and fauna) and can significantly contribute to wildlife conservation through innovative projects and ideas. It is young people who can drive lasting and sustainable change, who will become the next ambassadors in wildlife conservation, and hopefully the successors to the Board of the Society. We aim to inspire young people to have a stake in wildlife conservation by rewarding and recognising their efforts.

The Society will present an award of \$500 to a young individual between the ages of 13 and 18 years, contributing to Australian wildlife conservation (flora and fauna). A trophy and certificate will accompany the award. All nominations must be supported by a referee (see below).
