

Serventy Conservation Award

Nomination Form

The Serventy Conservation Award is named in honour of Dr Vincent Serventy AM, his brother Dr Dominic Serventy, an international ornithologist, and his older sister Lucy Serventy. The award is intended to recognise and celebrate conservation work that has not been done as part of a professional career. It is awarded to those who labour in the conservation field for a love of nature and a determination that it should be conserved. Often, these have been non-scientists who have earned their conservation skills through sheer hard work. The Society will present an annual award of \$5,000 to the winning individual helping to save Australia's precious wildlife. A trophy and certificate will accompany the award.

Persons may nominate themselves or they may choose to nominate a third party who they believe should receive recognition. All nominations must be supported by a referee (see below).
